

Crib Gogh: Maverick Soldier System

Part Number: 1204

Product Description:

- **Fabric Specifications:**

- 1000D PU backed Polyester
- Available in Black, OD, Coyote and Multi-Cam.
- All CG fabrics are 'REACH' Compliant and come with full certification.

- **Technical Specifications:**

- BS 13407:1999 - Human-centred design processes for interactive systems
- ISO 105 B02: 2000 amdt 2.2000 – Tests for Colour Fastness
- ISO 13934-1-1999 Tensile testing standard determining fabric strength
- ISO 13937-2000 Textiles - Tear properties of fabrics -- Part 1: Determination of tear force using ballistic pendulum method (Elmendorf)
- ISO 811-1981 - Textile fabrics -- Determination of resistance to water penetration -- Hydrostatic pressure test
- FMVSS 302 title 49 section 571.302 – Flammability of interior materials (Phosphorous test)
- BS 5131, part 11: 1981 (1992) Buckle Strength (derived from foot wear as no vest standard existed)
- ISO 2062: 2009 - Textiles -- Yarns from packages -- Determination of single-end breaking force and elongation at break using constant rate of extension (CRE) tester.
- BS 3084: 2006 performance code c – Slide Fasteners
- STANAG 2895 Extreme climatic conditions and derived conditions for use in defining design/test criteria for NATO forces materiel. Operational zones from -40° to +50°
- EU Regulation 1907/2006 REACH - 138 substances in candidate list.
- BS 5131, Part 11 : 1981 (1992) Tear Strength of straps (derived from foot wear as no vest standard existed)

- Unique weight distribution system developed with the royal college of physicians offering unprecedented comfort and survivability (reference Helston Forensic Laboratory 2018 tests)
- All Crib Gogh designs enhance the end user experience and the Maverick offers best in class for comfort and cooling (reference DSTL)
- To date we are the only company tested and certified to meet a NATO standard STANAG 2895 proving it performs from -40° to +50°. A truly Global Solution

Product Description: Maverick Soldier System

Offering a unique quick release system that doffs with a full fighting order (MOLLE Belt) in under 2 seconds. No other soldier system offers this capability at this time, not only increasing survivability but enhancing the lethality of the dismount as they are able to retain one hand on the weapon at all times. Maverick offers a significant increase in survivability over other vests with the trauma mitigation designed and integrated into the weight distribution system we developed with the Royal College of Physicians.

- Two rear grab handles for removing casualties through vehicle entry/exit points
- Best in class for cooling and venting, offering a reduction in the thermal and cognitive burdens
- When offered with our Maritime Armour Maverick can be used in Maritime Interdiction operations
- No Hook or Loop failures or associated issues as the system is completely Velcro Free
- Unprecedented scalability through our unique patented buckle system

Compatible with:

- Yoke
- Load vest
- Rogue Bergen
- Tactical Assault Pack range
- Grab Bag
- Hydro Pack small
- Hydro pack patrol

Size	Dimensions			Weight	NSN
	Chest	Waist	Area Mass M ²		
XS	36-40 in (91.4-101.6 cm)	28-32 in (71.1-81.3 cm)	0.301	1.80KG	8470992265116
