

Crib Gogh: Raptor Light Soldier System

Part Number: 1158

Product Description:

- **Fabric Specifications:**

- 1000D PU backed Polyester
- Available in Black, OD, Coyote and Multi-Cam
- All CG fabrics are 'REACH' Compliant and come with full certification.

- **Technical Specifications:**

- BS 13407:1999 - Human-centred design processes for interactive systems
- ISO 105 B02: 2000 amdt 2.2000 – Tests for Colour Fastness
- ISO 13934-1-1999 Tensile testing standard determining fabric strength
- ISO 13937-2000 Textiles - Tear properties of fabrics -- Part 1: Determination of tear force using ballistic pendulum method (Elmendorf)
- ISO 811-1981 - Textile fabrics -- Determination of resistance to water penetration -- Hydrostatic pressure test
- FMVSS 302 title 49 section 571.302 – Flammability of interior materials (Phosphorous test)
- BS 5131, part 11: 1981 (1992) Buckle Strength (derived from foot wear as no vest standard existed)
- ISO 2062: 2009 - Textiles -- Yarns from packages -- Determination of single-end breaking force and elongation at break using constant rate of extension (CRE) tester.
- BS 3084: 2006 performance code c – Slide Fasteners
- STANAG 2895 Extreme climatic conditions and derived conditions for use in defining design/test criteria for NATO forces materiel. Operational zones from -40° to + 50°
- EU Regulation 1907/2006 REACH - 138 substances in candidate list.

- BS 5131, Part 11 : 1981 (1992) Tear Strength of straps (derived from foot wear as no vest standard existed)

- Unique weight distribution system developed with the royal college of physicians offering unprecedented comfort
- All Crib Gogh designs enhance the end user experience and the Raptor Light offers best in class for comfort and cooling and 80 newton's of built in buoyancy with our Maritime armour
- To date we are the only company Tested and Certified to meet a NATO standard STANAG 2895 proving it performs from -40° to +50°. A truly Global Solution

Product Description: Raptor Light Soldier System

Offering a full operational spectrum multi-operational needs from the arctic to the jungle, the Raptor Light soldier system meets so many scenarios. Offering unique scalability and full articulation. Offering a significant increase in survivability over other vests with the trauma mitigation designed and integrated into the weight distribution system we developed with the Royal College of Physicians.

- Best in class for cooling and venting, offering a reduction in the thermal and cognitive burdens
- When offered with our Maritime Armour Maverick can be used in Maritime Interdiction operations
- No Hook or Loop failures or associated issues as the system is completely Velcro Free
- Unprecedented scalability through our unique patented buckle system

Compatible with:

- Yoke
- Load vest
- Rogue Bergen
- Tactical Assault Pack range
- Grab Bag
- Hydro Pack small
- Hydro pack patrol

Size	Dimensions			Weight	NSN
	Chest	Waist	Area Mass M ²		
XS	36-40 in (91.4-101.6 cm)	28-32 in (71.1-81.3 cm)	0.267	2.07KG	8470994854218
S	40-44 in (101.6-111.8 cm)	32-34 in (81.3-86.4 cm)	0.287	2.11KG	8470993240404
