

Crib Gogh: Tactical Assault Packs

Part Number: 1118

Product Description:

- **Fabric Specifications:**

- 1000D PU backed Polyester
- Available in Black, OD, Coyote and Multi-Cam
- All CG fabrics are 'REACH' Compliant and come with full certification.

- **Technical Specifications:**

- BS 13407:1999 - Human-centred design processes for interactive systems
- ISO 105 B02: 2000 amdt 2.2000 – Tests for Colour Fastness
- ISO 13934-1-1999 Tensile testing standard determining fabric strength
- ISO 13937-2000 Textiles - Tear properties of fabrics -- Part 1: Determination of tear force using ballistic pendulum method (Elmendorf)
- ISO 811-1981 - Textile fabrics -- Determination of resistance to water penetration -- Hydrostatic pressure test
- FMVSS 302 title 49 section 571.302 – Flammability of interior materials (Phosphorous test)
- BS 5131, part 11: 1981 (1992) Buckle Strength (derived from foot wear as no vest standard existed)
- ISO 2062: 2009 - Textiles -- Yarns from packages -- Determination of single-end breaking force and elongation at break using constant rate of extension (CRE) tester.
- BS 3084: 2006 performance code c – Slide Fasteners
- STANAG 2895 Extreme climatic conditions and derived conditions for use in defining design/test criteria for NATO forces materiel. Operational zones from -40° to + 50°
- EU Regulation 1907/2006 REACH - 138 substances in candidate list.
- BS 5131, Part 11 : 1981 (1992) Tear Strength of straps (derived from foot wear as no vest standard existed)

- Uniquely designed to encapsulate the vest system to allow a closer fit that enhances the end user experience improving the ability to move and fight when carrying an operational load
- The TAP range are unique in that they will also carry a troop radio, ECM or other specialist 3 day patrol requirements
- To date the only Combat rucksack Tested and Certified to meet a NATO standard STANAG 2895 proving it performs from - 40° to +50°. A truly Global Solution

CRIB GOGH CRIB GOGH TAP (TACTICAL ASSAULT PACKS)

Product Tactical Assault Packs

Tested to meet all of the operational terrains that NATO deploy to. Having a unique quick release mechanism allowing the end user to doff the pack in under 4 seconds with one hand on the weapon maintaining survivability and lethality whilst under an operational threat

- Weight 2.20 KG
- Dimensions 43cm High x 28cm Wide x 22cm deep
- Front loading capabilities with two quick access front pockets
- Internal admin pocket and compression straps
- Aerial ports for a number of specialist combat equipment
- Special handset access for troop radios.
- Special grab handle system to enable a casualty evacuation in extreme environments
- Hydro compatible with left or right access

Unprecedented articulation and seamless integration to all of our soldier system vests
